

# You Have the Right to Privacy

**WHY USW ORGANIZERS ARE SHOWING UP AT YOUR HOUSE, CALLING AND TEXTING:**

## USW ORGANIZERS WANT TO...

Reach employees and their families at home, by phone or by texting

**TO...**

Convince Protolabs employees to support the USW

**SO THEY CAN...**

Get enough support for a union election or demand for recognition

**IN ORDER TO...**

Unionize more members and increase dues payments

If USW organizers visit you at home, call or text you:

- You have the right to tell them to leave you alone, stop calling or texting and to stay off your property.
- You have the right to refuse to sign union materials.
- You can tell spouses, children and other family members or guests not to invite strangers into your home or speak with union organizers.

**USW organizers' promises may change, but the goal is the same.**

**You don't have to support the USW.**
